Dear Parent/Carer

### **Gloucester Academy - Go4Schools**

You may already be aware of Gloucester Academy's investment in the 'Go4Schools' system. This system brings together all activities of a child's school life in one place and enables you, as a parent to be more involved in your child's education. 'Go4Schools' is accessible through the internet or through the mobile phone app, meaning it can be accessed from anywhere e.g. home, school, library.

All students have been set up with accounts and are able to see their timetables, attendance, homework and after Christmas, they will be able to see their attainment.

The next stage for this system is to ensure that parents also have access so that they are able to see information regarding all children they have at Gloucester Academy. Parent view will display the same information as the student view, but with the addition of academic student reports and in the future, information on behaviour incidents and rewards.

In order for us to set parents up with an account and password, we ask you to complete the information below and return to school reception for it to be updated.

When your account has been activated, you will receive an email enabling you to set up your account on the Go4Schols website. Once this has been done, it will be possible to download the mobile app and receive regular information about your child's education at school.

Thank you for your ongoing support with your child's education.

Kind regards,

Yours sincerely

**Mike Steward**  
Vice Principal
