Dear Parent / Carer

Year 10 Physical, Social and Health Education Sessions

As part of our PSHE (Physical, Social and Health Education) provision at Gloucester Academy, sessions on various topics including Health and Wellbeing, Living in the Wider World and Relationships are delivered during morning tutor time.

PSHE is a very important aspect of every child's education and these sessions provide a chance for us to educate students regarding many important social, moral and personal matters that may not form part of the normal school curriculum.

You may be aware that sometimes we need to discuss quite sensitive issues with students in PSHE. This term, Year 10 students will be learning about the media and pornography. The focus will be centered on how pornography can lead to unhealthy and unrealistic perceptions of healthy relationships. The presentation for this session has been carefully vetted to ensure the content is suitable and appropriate for young people.

If you have any concerns, or if you would like further clarification on these sessions, please feel free to contact me by telephone via our Reception Team on 01452 428800, or email me directly at Lmilne@gloucesteracademy.com.

If students are affected by any of the content and need to speak to someone on a one-to-one basis, please encourage them to speak to their tutor, Head of Year or myself.

Thank you for your support.

Yours sincerely

Louise Milne
Assistant Principal
